

'I INVESTED IN A HIGH-INTEREST BOND.'

"I used to have a smile that made people frown. At least that's how I felt. My teeth were discolored, uneven. I was very self-conscious about it, and sensed it was holding me back businesswise and socially. Worst of all, I didn't think there was anything affordable I could do about it.

"Total Dental Care changed all that. In just two visits, I received porcelain laminates that will last many years — and I don't have to worry about staining. I think they look great, don't you?"

With today's new — and affordable — cosmetic procedures, anyone can have the perfect smile. At Total Dental Care, we specialize in bonding, bleaching, caps and crowns to whiten and

align teeth, close spaces and repair chips. And will work with your insurance company to get you the maximum coverage possible.

Call Dr. Fox and Dr. Pyser today at **1-800-464-5522**. And start enjoying the dividends of a beautiful, healthy looking smile.

WE GIVE YOU A LOT TO SMILE ABOUT.
